

TWENTY YEARS AGO

Wheat 66 cents.

Cold? Oh no! Nice banana weather.

(Editor) W. F. Warner left for Boston yesterday, which place he expects to make his future home.

At the annual meeting of the Congregational society held last week, Jonathan Bistine and H. H. Wasem were elected trustees for two and three years respectively, and Mrs. L. C. Day was elected secretary and treasurer. The affairs of the church are reported in a healthy condition.

Yesterday was decidedly unpleasant, taken as a whole. The mercury stood about 20 below in the morning, and there was quite a flurry of snow. As the day wore on the wind increased to a gale, drifting the snow to a large extent. As night came on the wind began to abate, but the mercury fell rapidly, at 10 p. m. indicating 36 below. During the night, it is reported, that spirit thermometers showed 45 below. early this morning it was 40 below. This morning it is bright and beautiful, with a light but keen breeze.

There was a very pleasant gathering at the house of H. P. Patten, sec 4, 145, 55 Wednesday evening. There were about forty-five persons present on the occasion and they "danced til broad day light and went home with the girls in the morning." Since the dance a vigorous search is being made for the individual who got away with the three suppers.
