

Obituary.

The Death Angle has again visited this community and taken from our midst one of the old and highly respected residents of Colgate N. D. This time he claimed for himself the loving and devoted wife of Halsey S. Curry. She has been a sufferer from heart trouble for the past ten years and during the past five months has suffered continually and many times expressed a desire to have the end come. She went peacefully last Thursday at 2:45 p. m., remaining conscious up to a few hours before she died.

Cynthia Amelia Tyler, daughter of John and Emlie Tyler, was born in Burlington, Ia. Oct. 9, 1845 and died March 29, 1906, aged 60-years 5 months and 20 days. When 5 years of age she moved with her parents to Waterstown, Grant county, Wis. That country was yet very new, and the family fully realized the many trials of pioneer life. Here she received her education also christian training, her father being one of the first to unite with the Congregational church at Boscobel, Wis. and with his family attended as regular as opportunity offered. Her father was called home when she was yet quite young and up to the time of her marriage she was a faithful daughter to her mother ever ready to help where most needed. She was united in marriage to Halsey S. Curry Sept. 4, 1864. He was a veteran of the Civil war at that time and home on a sick furlough having received a gun shot wound through the hand. His fair bride looked upon her soldier husband with pride and altho the struggle was hard to bear she parted with him bravely when he returned to again fight for his country. At the close of the war he returned to make a home for her and moved to Michigan where they lived a few years later returning to Wisconsin. To them were born eight children all of whom are living and were constantly at her bedside during the last week of her illness. In 1881 the family moved to North Dakota and settled on their farm in Ellsbury, Barnes county, where they resided for a number of years, later moving to Colgate, Steele county. During these years they endured much of pioneer life and have had all their household goods destroyed by fire twice in this time yet together they toiled for the loved ones who today weep as never before for the dear wife and mother. In those pioneer days Mrs. Curry extended charity where needed and many of the old residents will remember her kindly. She was a devoted wife and mother, very fond of her home and cared but little for outside affairs. She was a strong advocate of total abstinence and was a member of the Relief Corps at Hope. Rev. Hunter, of Colgate, visited her at times during her illness and left her feeling that all was well with her for the future. She was very patient and resigned and ready to go when the final summons came. The last sad rites were held in the Congregational church in Hope, Rev. Hitchcock officiating taking his text from Numbers 22; 26. His remarks were kind and tender yet fitting for all present. The music was well rendered. The pall bearers were those who had known her a long time. The floral tributes were of the choicest, being contributed by fond relatives and

neighbors. A large concourse of friends followed her to the last resting place where she was laid to rest. The grave was lined throughout and all done that loving hands and kind neighbors could do to comfort the afflicted. She leaves to mourn her loss one sister and one brother who were unable to be present, five sons, three daughters, nine grandchildren and a loving husband.

MILLINERY OPENING

On Wednesday, April 11, and continuing thruout the week, Mrs. Bowen will hold her Easter Millinery Opening. All are cordially invited to call and inspect her line of the latest and most stylish hats. She now has on display a fine line of up-to-date street hats.

FORMALDEHYDE

Now is the time to doctor that disease of your seed wheat. Remember that our formaldehyde is guaranteed to cure.
