
Death By Typhoid.

Miss Sadie Trinborn, who came here from Randall, Minn., and who was employed at the Palace Hotel, died Saturday morning, Oct. 6th, of typhoid fever. The young lady had been here but three weeks when she was taken with the fever. Her sister, Miss Lizzie, was the only relative present at the time of her death, arrived Friday night and was at her bedside when death came. All that medical skill and kind and willing hands could do was done, and Mr. and Mrs. Loney are certainly deserving of much credit for the interest taken in caring for this homeless girl. The body was taken to Randall, Minn., Monday morning for interment.
