

FIREMENS' ANNUAL MEETING.

Election of New Officers of Department and Companies.

Delegates to State Meeting Named.

CODE OF SIGNALS ARRANGED

Department in Flourishing Condition.

The annual meeting of the Hope Fire Department was held at the council room Tuesday evening, May 19th., while the meeting was not largely attended much enthusiasm was shown by those present and a regular twice a month practice was arranged for on the first and third Thursday evening of each month, from 7 to 8 o'clock. The following officers were elected for the ensuing year: Dell Burner, Chief; Albert Donalson, Asst.-Chief; J. A. Pepper, Secy.; B. T. Kraabel, Treas. It being the annual election of officers in the different companies each proceeded to elect officers in the different companies, which resulted in each company re-electing the old officers thruout.

A motion was made and carried that the department pay all extra expenses incurred in Chief Burner attending the State Firemens' Assn. Meeting at Mandan, June 9-10-11.

The Chief was instructed to purchase four trumpets for the use of the department.

A code of signals was arranged for the purpose of calling out the different companies: One tap of fire bell calls out the Hose company, two taps the Hook and Ladder, three taps the Engine company and four taps the entire department. It would be well for the members of the different companies to familiarize themselves with the signal for the company of which they are a member. This code of signals was thought advisable so that in case where a foreman wishes to call out his company it will not be necessary to call out the entire department.

The following members were selected as delegates to the State Firemens' Assn., which will be held at Mandan June 9-10-11:

Engine: B. T. Kraabel, E. M. Fuller and H. H. Fulmer.

Hook and Ladder: M. B. Hanley, R. McLean and H. I. Standley.

Hose: J. A. Pepper, A. J. Langer and A. B. McLaughlin.

The Hope Fire Department is

at present in better condition than it has been in a good many years, not only in interest shown but has a nice snug sum of something like \$700.00 in the treasury.
