

Young Men Meet

A meeting of those interested in the young men's club was called at the Gold Medal Pharmacy Monday evening but it was not very well advertised and only a few responded. After discussing the project informally for some time a motion was made that Mr. Hitchcock act as chairman and M. D. Brundage was made secretary pro tem. A committee of four, consisting of A. G. Nelson, O. W. Lewis, M. D. Brundage and Earl Hughes was chosen to canvass for members, the proposed limit of dues being one dollar monthly. Two places for the club have been offered but it was thought best to leave this matter to a later meeting when a greater number could be present. After some further discussion the meeting adjourned at the call of the chairman. The call has been issued for Saturday evening at 7:30 at Mallory's drug store.
