

Died Suddenly.

Finley Beacon: Erick Johnson, living in Riverside township about 11 miles southwest of here, died suddenly Tuesday afternoon. Mr. Johnson, with two of his children, had been to Blabon, where he purchased a new surrey, and started home with it. When about a mile and a half of home, Mr. Johnson pitched forward out of the surrey into the road. The team becoming frightened started to run. The children succeeded in getting out and going home, told their mother about it, and she got help and went out and picked him up, but he was dead. Coroner Bacharach was notified, and upon investigation, decided that he had died from heart failure, and that an inquest was unnecessary. Mr. Johnson was 44 years old and leaves a large family. He has been a resident of this locality for a number of years.
