

Woman Killed.

Milton, N. D., Jan. 17.—A horrible accident, by which one person lost their life and another was seriously burned, occurred in this place at about 6:30 this evening. Mrs. Lars Hanson, was in the act of pouring kerosene oil in a stove in order to make a fire when a terrible explosion resulted. Mrs. Hanson was blown clear across the room by the force of the explosion and was instantly killed. Her sister, Miss Doty, who was in the room, was seriously but not dangerously burned. Mr. Hanson and other gentlemen, who were in an adjoining room, rushed in and put out the fire. The Hanson family reside about a half mile from town.
