### HIGH SCHOOL NOTES

The plan that was adopted this last month to eliminate tardiness in the high school seems to have proved a success as there was no tardiness in any of the classes and the entire high school for the first time won a half holiday. Due praise ought to be given to the bright teachers who thought of this happy scheme.

Miss Brophy and Miss Moulton's rooms also earned their half holiday.

Miss Moulton has enrolled a new scholar in the eighth grade.

The boy's glee club assisted by the Misses Oliver, Belden and Hammer gave entertainments at Dazey and Hannaford Friday and Saturday nights of last week. From all reports the audiences seemed pleased both nights and the boys are all pleased as they came out a few cents ahead.

The high school and 7th and 8th grades listened to an address by Mrs. Howie Thursday morning of last week. Mrs. Howie travels for the Farmers Institute and gave a talk interesting to both scholars and teachers.

The school will give an entertainment Friday and Saturday nights of this week under the supervision of Miss Oliver. The largest part of the program will be taken up by the operetta "Florinda" or "The Rose and Pearl;" other numbers will be rendered by the primary grade, the high school and the boy's glee club. We assure you it will be well worth hearing and would be pleased to have it well patronized.

The boys held a meeting on

Monday of last week and elected the following as their officers for the spring athletics: Prof. Mason, manager; Paul Hoffman, Captain; Oscar Hoffman, Treasurer and Secretary, Thure Carlander president of the athletic association.
