

The boy scouts have received their uniforms and they look real "natty." On Saturday last Scoutmaster M. D. Westley issued general order No. 1 for a forced march to the Sheyenne river in full uniform carrying knapsack with full rations for the trip. The scouts formed at 10 a. m. and in double column formation made a march to the river in good shape after which ranks were broken and the scouts had a good time. Later they marched back to the city and the exercise and experience has done them good.
