

You cannot keep good men down and you cannot keep a good town off the map. Another Cooperstown citizen has succeeded in landing an important office and again placed Cooperstown on the state map. This old town has some live wires and they seem to be able to go to the different state conventions and land the honors. Mr. Will H. Butler is the latest one to be honored. Last week he was elected president of the North Dakota and Northern Minnesota Implement Dealers Association for the ensuing year. The honor is a nice one and very worthily bestowed and the Courier is confident that Mr. Butler will fill the office with credit to the great organization he represents as well as to himself. The Courier takes great pleasure in extending hearty congratulations to President W. H. Butler.
