

Griggs county is getting right in line for having its citizens elected president of various important organizations. Donald Campbell, of Hannaford, was recently elected president of the North Dakota Live Stock Breeders' Association. The choice of Mr. Campbell is an exceedingly good one and the Courier desires to offer him its congratulations. He is one of the best boosters for the breeding of good stock in this state for years and his large business testifies to his good judgment. He will make the association a very energetic president and is well qualified to fill the position with honor and credit to himself and the association.
