

# FARMERS GET TOGETHER

A Farmers Club Was Organized by  
A Bunch of Wide-Awake Griggs  
County Farmers.

There have at different times during the winter suggestions appeared in this paper and in others relative to the advisability of our farmers getting together and organizing farmers' clubs for the purpose of permeating that spirit of social intercourse that should be a rule and guide in all farming communities and for the throwing out of suggestions for helping each other in a neighborly and friendly manner. The farmers of Lovell are the first to adopt this club suggestion and the progressive men of this locality called a meeting to consider the proposition which gathering was held in the school house at Lovell or the Sansburn school house last Friday night. There was a large and enthusiastic gathering of farmers present from all over that neighborhood, each one full of enthusiasm and keen for the purpose of promoting anything that would be a uplift to all in a social and practical way. It was a good meeting and there was a harmonious bunch present, good will and sociability being the ruling spirit. A club was organized to be called the Lovell Farmers' Club. W. H. Sansburn was elected temporary chairman and Andrew Detwiller temporary secretary. A committee of five was appointed to draw resolutions and by-laws, consisting of Messrs. W. H. Sansburn, George Lawrence, A. B. Detwiller, Albert Campbell and John Detwiller, every one of them boosters. This committee is to report to the gathering at the next meeting to be held next Saturday, March 18, at which time the by-laws will be adopted. This action on the part of the Lovell farmers is a progressive one and one that will tend to form stronger social as well as practical ties among each other. It will develop a bond of friendliness and good will that will tend to make the whole neighborhood work together more in unity for their own good. The Courier is pleased to see our Lovell friends taking this initiatory step in this direction and hopes to see this movement carried out into every corner of our county and on and on into every farming community in our great state. It is the proper spirit. Who'll be the next to follow Lovell?
