

At a meeting of the village board last Thursday evening, the new board qualified and assumed their duties. Anton Christianson also qualified as marshal. The board has important duties to perform during the coming year and as usual they should be given the hearty cooperation of every one. The old board, we believe, performed the duties involved upon them as well as any board could under the circumstances, and they retire with the appreciation of those who understand conditions. Jacob Arnold retired from the office of marshal after having served out one year in the conscientious performance of his duties as he saw them. Lewis Berg was elected president of the board.
