

Boy Killed.

A young boy, 10 years old, who has been visiting at the home of Mr. Rickford at Jessie, was instantly killed by a runaway team on Tuesday of this week. The lad's name is Henry Birkus and his home is near Verona, N. D. He and some other children were playing near a gravel pit. Some man, whose name we have not learned, was getting a load of gravel and the team ran away down the hill and rushed into the crowd of children, running over this little boy and killing him instantly. It is a very deplorable accident and apparently one that could not be avoided.
