

Mrs. S. R. Jones, who went down to Minneapolis a few days ago to get medical treatment, died last Saturday morning at 10 o'clock. She went down to have an operation performed for goitre but her condition was not right for an operation and she steadily failed. She leaves in addition to her husband, two sons and one daughter. The remains were shipped to Sparta, Wis., for interment. The many friends of the family in Griggs county deeply sympathize with them in their bereavement.
