

Theodore Herigstad, son of Mr. and Mrs. Bethual Herigstad, died Tuesday morning of this week about nine o'clock after a short sickness with typhoid fever. He had been sick a little over a week and finally succumbed to the dread disease. The deceased was sixteen years old, a bright young man, and one of the members of the Cooperstown high school. He was very much liked and admired by his associates. His death is indeed a sad blow to the stricken family who have the sympathy of their many friends all over the county. The funeral was held in the Westley church today, Rev. L. N. Heagland officiating.
