

## One Before.

Queenie Patterson passed away Friday morning. The little girl was the daughter of Mr. and Mrs. M. L. Patterson and was about four years old. The child was sick for about two weeks and the disease developed into acute kidney trouble, which proved fatal.

The funeral took place Saturday, and the remains were interred in the cemetery west of town, Rev. Harriss officiating.

The bereaved family has the sympathy of all in this sad affliction.—
