

HIGH SCHOOL NOTES.

The boys glee club assisted by Miss Oliver, Miss Belden and Prof. Mason are billed for an entertainment at Binford, Feb. 12.

Mr. H. A. Bemis was a high school visitor Thursday of last week.

The pupils of Miss Moulton's room earned their half holiday Friday, having 96.9 per cent and no tardies. This is more than the pupils of the high school can boast of.

Literary Society A will give a Lincoln program Friday morning at 10. An interesting program is arranged and an invitation extended to all.

Monday night the Freshmen and Juniors became aware that something "doin'" in the Senior class. Classmates assembled and assisted by the Sophomores, whom the Seniors had previously offended hurried to the school yard. The Senior flag was up! A rush ensued and finally the Seniors were "sat upon" and a Sophomore told to get the flag. The battle was so great, the boy so exhausted and the pole so slippery he could not climb. The boys decided to return at four and get the flag. They did. The next night the Seniors put up another. The other classes secured it by tying a cat tail soaked in kerosene to a fishpole and burning it down, but later another Senior flag took its place. Thursday the pole was purchased of the school board by the other classes for \$10 (?) and chopped down. A spread was planned for Friday night to celebrate the event and we had it in the school basement. The lunch was enjoyed altho the Seniors put red pepper and "perfume" through a broken window. They finally succeeded in entering and chaos reigned until they were bound. Later they were freed and all retired to the assembly room where an impromptu program was given ending with "Good Night Ladies" by the school.

JUNIOR.
