

## PUBLIC SCHOOL NOTICE.

School will open on Monday, September 7th, under the superintendency of Prof. R. L. Mason, who comes to us with an excellent record as school superintendent, and highly recommended. Our high school offers a full four year's course, and is classified by the state board as a high school of the first class. It's graduates are admitted to colleges and universities throughout the United States upon their diplomas. The Board, will in the future as in the past, use every effort for the constant advancement of the school in standing and efficiency, and earnestly solicits the co-operation of all patrons and friends. The Board especially requests that as far as possible all pupils of every department be in their places at the opening of school on September 7th, not only for the good of the school but of the pupils as well. The tuition charged to pupils who attend in the grades, from outside the district, will be the same as last year, or \$5.00 for a term of three months, and \$2.00 for a single month, and should be paid in advance to the clerk, Oscar D. Purinton, who will furnish to each pupil a certificate which will admit them to the school. No tuition is charged to pupils in the high school. All parents will do well to bear in mind the danger that some of the rooms may be early filled to their capacity, and those applying late may find themselves crowded out. Children under six years of age, but coming six before the first of January, will be admitted at the opening of school, but can not be admitted in the middle of the school year.

By order of the Board,

OSCAR D. PURINTON, Clerk.
