

At a meeting of the Board of Education held last Saturday night Prof. Mason and Miss Alberta Brackney were retained and hired over for the coming school year. The Courier commends the action of the board most heartily in retaining Supt. Mason, who has made a good record for his first year at Cooperstown. Miss Brackney has made a very able and efficient principal and her retention is pleasing to us. The patrons of the school will undoubtedly approve the work of the board in the selections made up to this time.
