

There is not much being done or said about the old settlers' picnic to be held at the river on the 17th of June, but it is going to be held just the same. We want every old settler in the two counties to keep this in mind and and resolve to be present with his family, including the chore boy and the hired girl. One of the novelties suggested on picnic day is a tug of war across the river between Briggs and Steele counties. The weaker team would either have to take a ducking in the river or own up to being beaten. Remember the picnic and plan to be present. E. Marquardt has been awarded the privileges and will have on hand red lemonade, ice cream, fruit, etc.
