

Cooperstown is to have a moving picture theatre. Ira Watson, of Preston, Minn., has decided to launch an amusement enterprise of this sort in our little city and has rented the second floor of the Cooperstown Drug Co. building, which will be fitted up and turned into a first-class theatre. Mr. Watson expects to be able to open this new show house in a couple of weeks, and will endeavor to give his patrons the very best in moving pictures. Three shows will be given each week—Tuesdays, Thursdays and Saturdays respectively, and the popular admission price of 10c will be charged.
