

Cooperstown School Notes.

Attendance in the high school and upper grades continues good, fewer pupils having left school this term than in former years.

May 9 to 12 we shall have the pleasure of having at the school building the Treasur Art Exhibit of Boston, Mass. The exhibit contains two hundred large pictures of ancient and modern art, chosen from all publishers the world over, and occupies 1,200 square feet. Orders will be taken for pictures at this time from those desiring to purchase. An admission fee will be charged to cover expenses. Proceeds will be invested in pictures for the school building. We are certain that the pupils would be delighted to have any who are interested purchase pictures and have them placed in the various rooms.

On the dates of the art exhibit we shall also exhibit the work done in drawing the past year in the Cooperstown schools. All are invited to come in and inspect the same.

Hope high school defeated Cooperstown high school Saturday, 6 to 5, in a very exciting and interesting game. The Hope boys were gentlemen and it is our desire to give them just as interesting a game and as pleasant a time as we had over there, in the return game here Saturday, May 5.
