

Miss Annie Steinborn, daughter Mr. and Mrs. August Steinborn of Helena township, met with a very serious and painful accident last Saturday evening. She fell from the hay loft in the barn, head foremost, striking the floor first with her hands which were involuntarily thrown out to break the fall. Both wrists were dislocated and the bones broken and she was otherwise bruised and injured. Miss Steinborn will be helpless for several weeks as the fractures are such that they will require much time and care to properly heal. Dr. Brimi is attending her.
