

A friend of the Statsvick family writes Cooperstown people in regard to the sickness and death of Ben Statsvick which occurred in Fargo last week. Mr. Statsvick was taken sick only five days prior to his death. The funeral was held Tuesday of this week at his old home in Wisconsin. The deceased leaves a wife and three children. Mrs. Statsvick has been prostrated ever since the death of her husband and has been in a very serious condition. The many friends of the bereaved family in Cooperstown, where they lived for many years, are indeed grieved to hear of this heavy affliction which has befallen them.
