

# Gas Plant Exploded.

The gas lighting plant in the store of O. S. Gunderson & Co., at Binford, exploded shortly after nine o'clock Tuesday evening, doing considerable damage to the warehouse in which it was located and also burning several persons quite seriously, one of whom, the little seven-year-old son of Landlord Alm, died from the injuries received.

Particulars as to how the accident happened cannot be obtained, but it is supposed that some part of the lighting outfit leaked.

While the property damage will amount to something near seven or eight hundred dollars; that is nothing compared to the loss of the little boy's life, and the bereaved parents will have the deep sympathy of everyone in their affliction.
