

BROADLAWN.

Jan. 28.—The people of Broadlawn, at a meeting held in school house No. 1, recently, organized a literary society, called "The Broadlawn Debating Society," with officers as follows: Chairman, W. B. Williams; Sec., H. H. H. H.; committee on programme, Miss Pace, Miss Fuller, Mr. M. Grant. The first meeting was held the 8th inst. Subject for debate was, "Resolved, that tobacco is more injurious than liquor," which was decided in favor of the affirmative. The rest of the evening was devoted to a good programme, consisting of reading, singing, speaking and spelling. Last week the meeting was postponed a week, on account of severe weather.

The young ladies held their social last Tuesday evening at No. 1, and rendered an interesting programme, with a paper, which was very well made. The committee on programme showed their wisdom in getting a paper at the time, as nothing will serve to give a good crowd as a good supper, especially in a place like this, where people are unacquainted with "La Grappe."

We will soon have some more to say about our comedians and tragedians.
