

The result of the election of commissioner in the second district is as follows: In Norman township Curry received 24 votes, Butler none; in Bergen, Curry 84, Butler 1; in Greenview, Curry 14, Butler 16; in Riverside, Curry 2, Butler 21. As will be seen by the above Mr. Curry was elected by a majority of 86 votes. The vote was a very light one, a greater part of the farmers being too busy to stop their work.

In the fifth district the vote was still lighter, there being but one candidate in the field. We did not learn the vote as cast in the different townships.

Both gentlemen elected are first-class, level-headed business men, and will be a valuable acquisition to our county board.
