
School Report.

Willow Lake School Township, District No. 2, for the month ending June 19th, 1891.

Number enrolled, 19.

Number tardies, 0.

Average daily attendance, 16.

The method of interesting children in their school work, (as advised in our late Institute) by beautifying the grounds and thereby giving each some work and care of his own, has been pursued and reaped satisfactory results. The children have been encouraged to make flower gardens, also to bring house plants to decorate the school-room. All of which are growing finely and afford much pleasure to the little florists.

EVVIE M. BALDWIN, Teacher.
