

Leg Broken.

Monday morning while at work on the Rogers Lumber Co.'s new office building, Contractor Clausen of Fountain City, Wis., met with an accident that will lay him up for several weeks. He in company with two of his employees were at work on a staging some 10 feet from the ground when one of the braces gave way and Mr Clausen and one of the other men fell to the ground and Mr. C.'s left leg was broken in two places just above the ankle. He was taken to his room at the Andrew Juon home where Dr. Wanner set the fractures and at this writing the patient is doing well.

The accident was caused by one of the workmen failing to replace a brace that he had previously sawed off to allow him to fit a window frame. This is an unfortunate condition for Mr. Clausen at this time as he has a large amount of work contracted for here. His many friends wish him a speedy recovery and hope to see him around again soon.
