

## School Notes

The first week of school closed with an enrollment of 130.

Harold Hancock enrolled in the seventh grade Tuesday.

The new text books needed were ordered last week.

The boys are having great sport with their new foot ball.

George Kellogg and Lucy McWethy enrolled for high school work Monday.

We desire the interest and co-operation of all parents. Visitors are always welcome.

Basket ball teams will be organized in the upper grades as soon as the necessary equipment can be secured.

Written excuses from parents or guardians are required for all pupils in all grades who may be absent at any time. These excuses should state briefly the cause of absence and should be addressed to the teacher in charge of the room. The kind co-operation of parents in this matter will assist greatly in reducing the number of absentees for the year.
