

## ESLER NEWS

Miss Katie Kennedy has been sewing at the Brady home for the past few days.

Osmer Burleson began threshing yesterday and threshed out some feed for his horses.

Harvest is in full blast in this section and if nothing happens it will be one of the greatest crops in the history of this part of the country.

William Bingham has purchased a new threshing engine and traded his old one on the deal. The new one is considerably larger than the old.

Miss Clara Olin is a guest at the home of Mr. and Mrs. Chas. Brady. She has been in rather poor health for some time and is trying to recuperate.

One of the greatest ball games of the season was played a week ago last Sunday between the mossbacks and their eight assistants and the hayseeds and their two assistants. When the fierce struggle was ended the score stood 6 to 11 in favor of the hayseeds. This goes to show that they are still good for something.
