

## 5 JACOB STOCHLOWSKI DEAD

PASSED AWAY SUNDAY MORNING ON THE SOO TRAIN NEAR HANKINSON WHILE RETURNING FROM THE HOSPITAL AT ROCHESTER.

Jacob Stochlowski died on the Soo train Sunday morning while returning from the hospital at Rochester where he went a few days before for treatment. He had been suffering from cancer of the stomach for some time and went to the hospital a few days before his death in the hope that he might obtain some relief. The doctors made an incision in his abdomen and when they discovered that they were unable to give him any relief they told his son to get him home as soon as possible but his suffering was too great and he was not able to stand the trip and died on the Soo train as stated.

Mr. Stochlowski was born in Germany sixty years ago and migrated to Russia with his parents while a young man, making the trip on foot all the way. Not finding that country to his liking he came to the United States several years ago and settled west of town. By industry and hard work he got along remarkably well. He raised a large family and they are all highly respected citizens.

The funeral was held on Tuesday and interment took place at the Spinarski church.
