

School Notes

The schools have prepared an Arbor Day program for today and will endeavor to clean up the school grounds and do some tree and flower planting.

The grades below the eighth will unite in a program to be given a week or two before the graduating exercises so that all grades and pupils may have a part in the closing exercises of the year. This entertainment will likely be given at the opera house and a small admission fee charged at the door.

A baccalaureate sermon will be preached for the graduating class the Sunday evening before commencement by Rev. M. S. Riddle at the Presbyterian church.

Pupils perfect in attendance for the month of March:
