School Notes

The baccalaureate services for the graduating class will be held at the Presbyterian church Sunday evening, May 27. Everybody invited to attend these exercises. Parents and friends

of the members of the class will doubtless be present.

President George A. McFarland, of the Valley City Normal, has been secured to deliver the address at the commencement exercises June 1, at the opera house. His address will be one that every citizen should hear. The public are cordially invited to attend the graduating exercises June 1.

The trees recently planted upon the school premises are looking fine. A couple of cheap drunks so far forgot that they lived in a civilized community as to drive over three or four of the trees the other day. Our plucky marshal took them in tow and allowed them to spend a night in the city bastille.

When the school board get that fine fence about the school grounds we will have the finest school campus in the county. We also have the best school in the county bearing the county seat and we of course must take off our hats to the city on the Jim river.

Not as Rich as Rockefeller

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by H. J. Murphy.

WANTED

Several persons to whom I can make a present of from \$2,000 to \$3,000. I have the location of some of the finest homesteads left in Stutsman county worth from \$14 to \$18 per acre. Also one 800-acre farm which is going at a bargain. There is danger in delay. A word to the wise is sufficient.
