

MRS. DE LA BERE IMPROVES

COLORADO CLIMATE AGREEABLE
TO SHELDON WOMAN'S HEALTH.

The many friends of Editor and Mrs. De la Bere of Sheldon will be pleased to learn that Mrs. De la Bere's condition is greatly improved since she went to Colorado Springs. Mr. De la Bere is now out there and wired back Sunday to Sheldon friends that a material improvement was shown and that he was greatly encouraged over the condition in which he found his wife. The attending physicians are now holding out hope of her recovery and she may yet get entirely over her threatened attack.
