

ANOTHER BURGLARY

FOR THE SECOND TIME WITHIN A FEW MONTHS A PROFESSIONAL BURGLAR WENT THROUGH SOME HOUSES IN COURTENAY.

A professional burglar went through the residences of H. J. Murphy and H. N. Tucker early Friday morning and got away with jewelry belonging to Mrs. Murphy valued at about \$150. At Mr. Tucker's residence they were not so fortunate and after a diligent search left the house without securing a single thing. In both instances entrance was secured by removing a storm window. At the Tucker residence Mr. Tucker's clothes were removed from the bed in which he was sleeping and carried to the library where they were thoroughly searched. In order to get to the bedroom it was necessary to go through a room where a lighted lamp was on the table and it must have required a good deal of nerve to stand up in front of a window long enough to remove a storm sash and then walk through a room in the light and enter the bedroom. This is the second time within a few months that Mr. Murphy's residence has been entered but the fellow who does the job is smooth enough not to leave any clue.
