

The body of Mrs. J. H. Dick who died last week from pneumonia, was taken to Monan, Ind., last Friday evening, where interment will be made in the old church cemetery of their former home. Deceased leaves besides her husband, seven children, six boys and one girl to mourn her death and the sincerest sympathy goes out to the family in their loss of a wife and mother. Lack of particulars prevents us from giving a more detailed account of the sad bereavement of a dear relative.
