

Wm. Steinway has been busy for several days moving his household goods to McHenry and moved his family there today. Mr. Steinway will become a permanent resident of McHenry and will assume the management of the John Posey store at that place. He has for several years past been a faithful employee of the firm of Fosholdt Bros. The departure of this esteemed family will leave a gap in our little city hard to fill and the people of McHenry can be congratulated on receiving such a valuable addition to the business men of their town.
