

N. L. Redman was here on Tuesday and closed up the deal on the Fisher farm. Mr. Redman has leased the farm for two years to Charles Voght, who will take possession March 14. Mr. Voght is to be married before that date to a young lady down Jemestown way and the couple will go to house-keeping on the Redman farm. Mr. Redman intends erecting a nice little house as soon as the crops show up and otherwise improving the property. He is a man who has done considerable along the line of progress in this state and it is gratifying to the people of this community that he has made investments here and can be counted as one of our people. Mr. Redman is now in the employ of the Emerson & Newton Manufacturing company of Fargo, and it was he who first induced the company to locate in this state. He got the managers out here and showed them over the state and they finally decided to open up an establishment at Fargo.
