One week from next Tuesday the voters of Griggs county will be called upon to elect a county superintendent of schools. There are two gentlemen in the field as candidates—both competent men—Dr. Kerr and C. W. Hodge. At this election the ladies are entitled to vote, and we should very much like to see them do so. In other counties the ladies are taking great interest in this election and are going to the polls to cast their ballots for superintendent of schools. Let the Griggs county ladies take a hand in matters pertaining to education.
