

## Serious Runaway.

Conductor Johnson and family, and Johnny Olson drove down to the river, Sunday, and on the return journey one of the horses jumped the pole, smashing it, which caused the buggy to run upon to the horses and caused them to run away. Mrs. Johnson was thrown from the buggy with her babe in her arms. The baby was unhurt and Mrs. Johnson escaped with slight injuries. Johnny Olson was thrown violently out and his arm dislocated and shoulder bruised. Mr. Johnson was fired out and for a while tried to skate on his ear and escaped with slight injuries. Miss Hagen, a member of the Johnson family, was also dumped out and wears the color of the rainbow over her eye. It was an unfortunate accident, and we congratulate Mr. Johnson and family over their lucky escape from further injury, and condole with Johnny Olson over his misfortune. The horses got bruised up some but the buggy escaped all but a broken pole. Dr. Bergstrom happened to be one of the party in an other buggy and fixed up the damaged parties. One little incident strikes us about the runaway. The little baby that Mrs. Johnson held in her arms as she was thrown from the buggy, was the only one that seemed to treat the matter as a joke. When Attorney Jacobson picked the little tot up with its face a mass of mud, the little thing looked up at Jake and laughed.
