

The numerous friends in town of Mr. and Mrs. C. O. Dunnūm, on the occasion of their fifteenth wedding anniversary on Monday evening, April 28, treated them to an unusually successful surprise party. Just after supper Mr. and Mrs. Reite took the Dunnūms out for an auto ride, and upon their return were taken to the opera house where everything was in readiness to receive them. So quietly had all the preparations been carried out that Mr. and Mrs. Dunnūm had no suspicion of what was coming until they arrived at the hall. Very handsome cut glass dishes consisting of a water set, berry set, sugar and creamer, and a table mirror, were presented them in a well-delivered speech by Rev. Thoreson, as tokens by which Mr. and Mrs. Dunnūm will long remember the occasion. Delicious refreshments were served, after which cards and dancing were indulged in, and it was not till a late hour that the large crowd dispersed after having spent an unusually delightful evening.
