## Hosea Writes Interestingly from His Winter Visit at Union City, Pa.

Union City, Pa., Dec. 29, 1913

Mr. Editor:

I got to Union City on the 18th of December and I found the ground all bare all the way. The weather seemed to be just the same through Minnesota, Wisconsin, Indiana, Ohio and Pennsylvania as it was in North Dakota when I left Hannaford. I only went as far as Fargo and stayed all night. I thought I would go to a picture show. There was a big crowd and I was enjoying myself, and all at once there was two girls came in and sat down in front of me. I thought that I had seen some good sized hats at Hannaford but nothing like these. They looked more like a large sized umbrella. When it was shoved open I had the honor of being in the room where the show was but I couldn't see no moving pictures.

The Holy Rollers hold meetings here and I go quite often and when they caution sinners to flee the wrath which is to come they quite often in their sermon speak about in Eternity there is some place where the climate is very warm and I do wish that those two hats I saw in the show at Fargo was in that place.

I am enjoying life great and wherever I go at any gathering I am the guest of honor. I wrote to Union City before I started so they knew when to expect me and when I got out of the train at Union City the first one I met at the depot was the apple of my eye, Miss Catherine. I do wish Riley and Pat was here to see the society I move in, it wouldn't take them very long to make up their mind that I was away up in G.

Hoping this will find all the Hannaford folks well. From

Hosea Woodward.
