

—Messrs. Seth D. Curry and C. G. Doise received a new Rumely threshing outfit on Thursday's train. The car on which the rig came contained a large gang, with five 14 inch plows attached, which T. J. Foster had shipped up and will run the same to do his plowing with his Rumely engine. It is a monster affair, and with it he will be able to do a large amount of plowing in a day.
