

---

—The lecture delivered by Rev. T. W. Haven last Saturday evening upon the subject "Milton and His Times," was very interesting and entertaining, and was worthy of a large patronage, but a very small audience was in attendance. A comic show of any kind always draws a full house, but when our people have the opportunity to hear anything instructive, such as Mr. Haven's lecture, they are not in it. The proceeds of the lecture amounted to the sum of \$6 50.
