

---

—A terrible accident occurred on our streets yesterday forenoon. A Mr. Hunter, of Clifford, brought a traveling man over and had stopped in front of R. A. McLean's confectionary store and had just stepped inside the door when the team started, making a sudden turn tipped the buggy on two wheels. Mr. Hunter ran out and tried to jump in the buggy but struck the trunk which knocked him back on the ground under the wheels which ran over him. He was pretty badly cut up, receiving a severe cut on the head and one over the eye. He was picked up unconscious and carried into Dr. Philip's office who dressed the wounds. He will be brought out all right but will have scars which he will carry as long as he lives. The team ran down around the M. E. church and were caught just south of Wamberg & Jacobson's store. The buggy was badly wrecked.
