

---

—Mr. H. M. Millett, former express messenger on the Hope and Portland lines of the Great Northern railway, has been removed by the company to Breckenridge, to run express from Breckenridge to Langdon. Harry's pleasant countenance and cheery visits will be missed very much by the many friends he has made at this end of his run, but as the change means a nice promotion for him, we will all join in congratulations, and hope that his friends may be as legion on the new run as they are on this.
