
—The county commissioners at their session last Saturday, upon petition of a large number of citizens of the county, agreed upon a reward of \$750.00 to be paid for the arrest and conviction of the murderer of Joseph H. Shaw and a telegram was received by the sheriff on Sunday from Governor Burke offering for the state an additional reward of \$250.00. This swells the amount to \$1000.00, and we think is a sufficient inducement for some good detective to look into the case. We hope that it will so result, and that the guilty party may be speedily brought to justice. Sheriff Linn has had circulars printed, and is sending the same to detective head quarters all over the country.
