Reached the Bottom.

It has remained for the St. Paul Daily News to reach the bottom price. Emulating the example of the successful Eastern papers, the News has put its subscription price right down within reach of the poorest farmer or tradesman. Think of it, an eight page daily paper, containing all the news of the world, and especially all that of the Northwest, for \$3 00 a year in advance. Only a few years ago that was the price of an ordinary weekly paper. Or \$3 50 per year for The Daily News and The Chicago Ledger, the best weekly family story paper in the world. This offer will remain open to Jan. 1, 1893.

The News has the best staff of writers of any paper in St. Paul, and in the present campaign is a political authority, being absolutely independent and impartial in the news and views it presents. Its political news is therefore unbiased by party favoritism or opinion, and always reliable. It also has full crop and market reports, complete telegraph. Indeed everything that goes to make up a model modern newspaper.

After Nov. 1st, it will issue a weekly edition at seventy-five cents a year, or with the Chicago Ledger, for \$1 00 per year. This offer will remain open to Jan. 1st, 1893.

These offers are unparalleled in western journalism and will in a year give the News the widest circulation of any paper in the West. Send for sample copies Free.

—Collections are coming in very slowly, notwithstanding the fact that those who owe us are marketing their wheat quite rapidly. The same may be said of all business houses in Hope. Parties owing us and on whom we hold notes for collection are requested to call and pay their obligation immediately and save costs. We cannot extend the time on you notes longer.
